Dear Birthmother,

Thank you for considering us as adoptive parents to your baby, and taking the time to get to know us a little better. We have shared an amazing almost-twenty years together, and find ourselves still with so much love to give, we would very much like to share that with another child. We offer a stable home with the comfort and care of two loving parents, a 4-year-old who is looking forward to becoming a big brother, and an extended family waiting hopefully to welcome a new baby.

For all the years we have been together, we continue to have fun and laugh every day. We thank God for all we have been blessed with. We pray that we can share this, and grow our family, by adopting a child fortunate enough to have such a caring birth mother as you.

We met through mutual friends twenty years ago in upstate New York, where we played volleyball in the same league. We found an instant connection and knew early in our relationship that we wanted to spend the rest of our lives together.

After many years of waiting for the laws to pass, we finally got married in 2011, just months after the birth of our son. We have found that being parents is one of the greatest things we have ever experienced, and would very much like to share what we have with another child.

I have worked in the medical field for nearly 25 years, and love my job as a surgical physician assistant. My schedule is flexible enough that I can participate in many of our son's school events. I also enjoys reading, baking, being outdoors, and spending time with my family.

KC

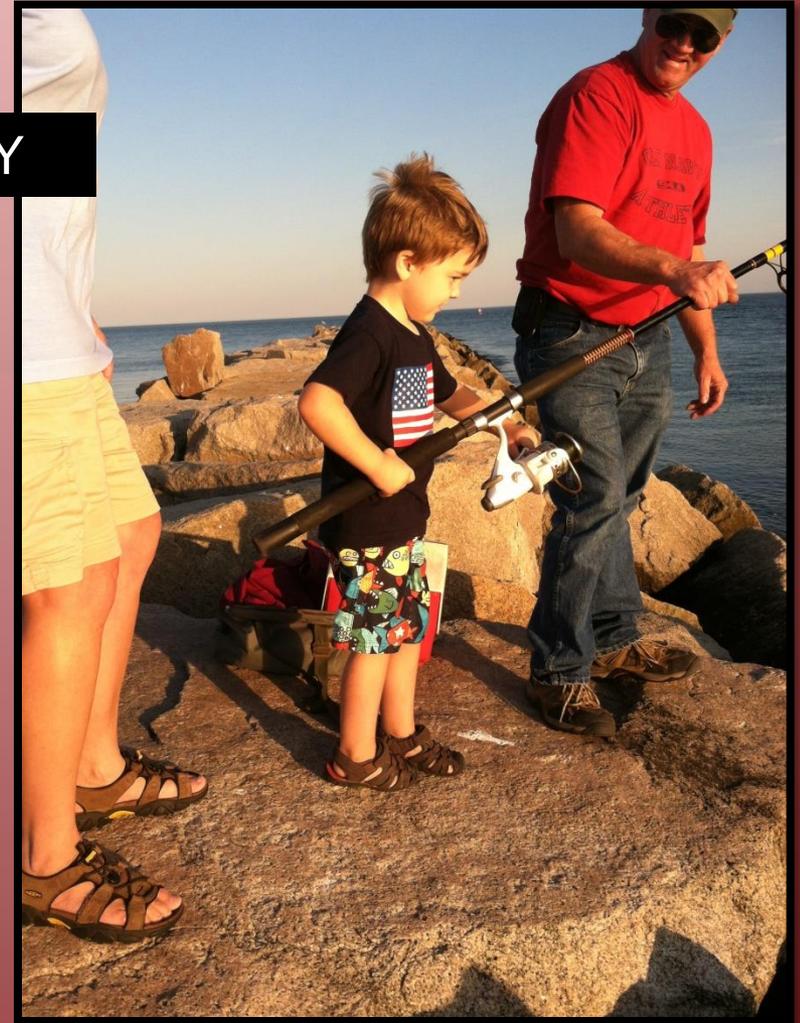

I have spent almost 25 years in the medical field as an EMS provider, with both ski patrol and local volunteer ambulance services. Currently, I am able to work from home as a computer programmer analyst, which has allowed me the benefit of caring for our son when he is not in school.

**JACKIE**

I also enjoy skiing, snow-shoeing, gardening, and spending time at the beach with family.

## FAMILY

Our families get together often for birthdays and holidays. We have found great love and support from them throughout the years. They are extremely generous, especially when it comes to our son. They are all very excited in anticipation of a new member of the family.

**We live in a quiet neighborhood, just 15 minutes from the beaches in southern Maine. We have a large yard with a play set and wooded surroundings. We often go to the beach, as well as the playgrounds, parks, and nature trails. We also make regular trips to the library and attend kid-oriented community events. We have a very good school district where our son will be attending kindergarten this fall.**

~Thank you for considering us~
