

MICKY & EMILY

DEAR BIRTH MOTHER,

Thank you for taking the time to get to know us! We respect you and your love for your unborn child. We will honor your choice with a lifelong commitment to provide a loving home.

We want our child to have a strong sense of who they are and want to be as giving and open as possible. We believe there is no such thing as too much love.

As parents, we would be your child's first teachers, giving daily encouragement and a genuine involvement in their interests. We will be there every step of the way expressing our love, encouragement, and support.

We met in school. We've been together for 13 years and married for 7. We are best friends and deeply in love. We love traveling, reading, and making as many memories as possible! We both come from close-knit families, and we each have two brothers. Emily's parents can't wait to become grand parents! Micky's brothers both have young children who we love spending time with. Everyone in the family is excited for Micky to become a father!

Emily is a professor and teaches literature from around the world. She was raised in Canada where her family encouraged her in dance and art classes. She speaks English and French. She also learned Spanish in High School and spent a year in Spain teaching English to students there. In her spare time, you can find Emily designing and knitting sweaters, blankets, and toys for her nieces, nephews, and friends' children. She loves the idea of passing on her love of art, as her grandmother and parents continue to do.

Micky is also a college professor and teaches literature. He grew up in Ohio where he found a love of the outdoors with his family. During our summers off, he enjoys camping and fishing from his kayak. Music is another passion. He plays guitar and collects vinyl records, especially blues, jazz, and folk music. You never know when you'll find him "in concert" with his brother or friends with his guitar around a fire!

Micky is excited to explore the world with our child, encouraging them to be creative and curious.

Our extended family includes people from different races, religions, and cultures. Our friends (who are more like family) love to come over for barbeques and parties at our house. Everyone jokes that Micky would throw a party every week if he could, because he enjoys cooking for everyone so much!

We have become great travel partners. Whether we're exploring a nearby New England village or a far-away foreign city, we always have fun and find something interesting! We can't wait to introduce our child to new places, new cultures, and new adventures!

We live in a vibrant small town in New Hampshire that is safe and friendly. There are great schools, lots of activities, and plenty of forests and lakes to explore!

Our house has a big yard to play in and sits next to the town forest where we go walking in the summer and snowshoeing during the snowy winters. Snow days are the BEST adventure days!

FAMILY

**THANK YOU FOR LOOKING AT OUR
LIVES AND CONSIDERING US!**

**With Love,
Micky & Emily**
