# *Dear Birth Mother,*

You don't know us yet, but we have prayed for you for so long.

Thank you for taking the time to consider us as your child's adoptive parents! Deciding the best possible option for you and your precious baby is emotionally difficult, complex, and takes an enormous amount of courage. We pray you are supported and loved no matter where you are in your journey. We are grateful you love your child so much that you are willing to consider an adoption plan for him or her. We admire you for being so brave and are humbled by your strength and selflessness. You are courageous for choosing life and will serve as an inspiration to other women. We want to express our gratitude whether you choose us or one of the other wonderful adopting families.

If you choose us as part of your adoption plan, we promise we will treat you with the utmost respect and dignity; and will strive to achieve the level of contact you desire to have with your child. We are human and certainly are not perfect, but we promise and pledge to cherish and love your child with all our heart, soul, body, and strength. We vow to provide your child with a safe and happy home, a life full of unconditional love, laughter, and comfort. We promise to encourage and support your child's hopes and dreams. Additionally, we desire to love, nurture, and guide your baby throughout our lives together. We promise your baby will be surrounded by family, friends, and animals to love and support him or her as well. Finally, we vow always to make you a part of your child's life, so he or she can have an understanding and a great appreciation for the tremendous sacrifice you made for them out of love. It is important for us to be open with your baby about their heritage, background, and story; to honor the importance of you, their birth mother, in their life.

Thank you for taking the time to look through our profile and learning about our lives, we hope you will find comfort in knowing how much we desire to share our life with your child. We are genuinely excited to provide unconditional love to your child and experience all the blessings of parenthood.

## *Our Story*

We met in 2014 and immediately started dating and were married little over a year later. Since being married we have grown closer together than we had ever thought possible. We have chosen adoption due to infertility issues and are extremely excited about our future as parents. We are both successful professionals and have close family ties.

We love every aspect of our lives and are excited to have the opportunity to bring a child into it to share in the fun, laughter and enjoyment.
